Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment:
Only IDS was submitted in the reply filed on 2/4/10. There is no remark or argument to distinctly and specifically point out the supposed errors in the examiner's action and there is no reply to every ground of objection and rejection in the prior Office action. There are no arguments pointing out the specific distinctions believed to render the claims, including any newly presented claims, patentable over any applied references.
